Introduction

The AIPPI World Congress will be held in the new International Convention Centre Sydney which opened in September 2016.

Sydney is the commercial capital of Australia and home to the Australian head offices of many of the world's leading companies. Sydney dominates the Australian corporate scene in the IT and pharmaceutical industries and hosts internationally competitive research and academic institutes.

Sponsoring and exhibiting at AIPPI 2017 will provide your organisation with the perfect forum to promote your brand and key messages to influential industry colleagues in Australia and internationally. AIPPI is excited to be offering some innovative, new sponsorship and partnership opportunities never before offered at an AIPPI World Congress.

The theme of the Congress is 'Shaping Global IP for 120 years'.

AIPPI

The International Association for the Protection of Intellectual Property, generally known under the acronym "AIPPI", is the world's leading international organization dedicated to the development and improvement of intellectual property.

It is a politically neutral, non-profit organization, headquartered in Switzerland, which currently counts almost 9,000 members, representing more than 100 countries.

The objective of AIPPI is to improve and to promote the protection of intellectual property on both an international and a national basis. It pursues this objective by working for the development, expansion and improvement of international and regional treaties and agreements, and also national laws relating to intellectual property.

AIPPI operates by conducting studies of existing national laws and policies, and proposes measures to promote best practices and to achieve international harmonisation of law, policy and practice. In this context, AIPPI has become increasingly involved with defining well-balanced systems for protecting and enforcing intellectual property rights.

AIPPI's members are people actively interested in intellectual property protection at a national or international level. They include lawyers, patent and trademark agents or attorneys and representatives from industrial corporations, as well as judges, academics, scientists and engineers.

AIPPI World Congresses

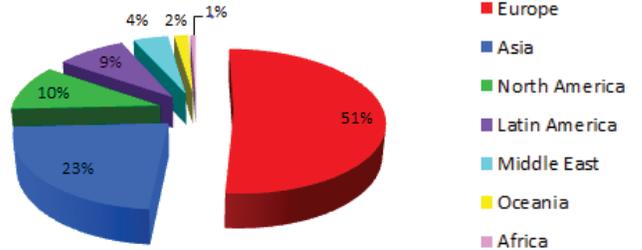

AIPPI is organized into 67 National and 2 Regional Groups and membership is obtained by joining one of these Groups. In countries where no Group exists, membership is obtained as an Independent Member of AIPPI.

There are normally about 2000 attendees. Forthcoming Congress venues include Cancun (2018), Istanbul (2019), Hangzhou (2020), San Francisco (2021) and London (2022).

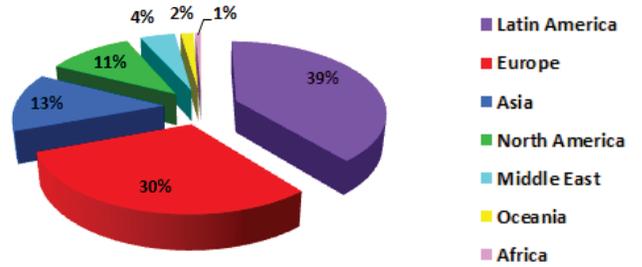

At Congresses, Study Committees engage in discussions to achieve consensus on Resolutions representing the positions of AIPPI. Moreover, Congresses offer excellent networking opportunities and educational programmes, which typically feature a day of panel sessions on international IP issues relating to pharmaceuticals and two days of panel sessions on contemporary international IP law issues. In addition, there are special panels of experts discussing current and future developments, mock trials, meetings of corporate representatives from industry as well as events for first time attendees and women in AIPPI.

Past Congress Figures

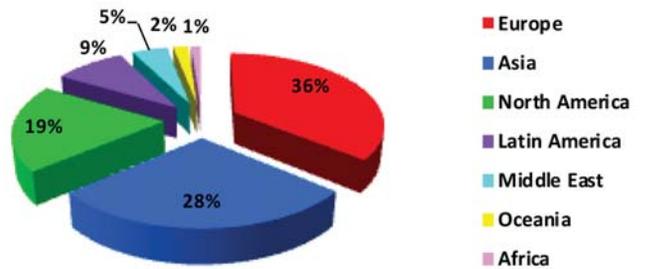

**Registration by geographic area
2016 Congress - Milan, Italy**

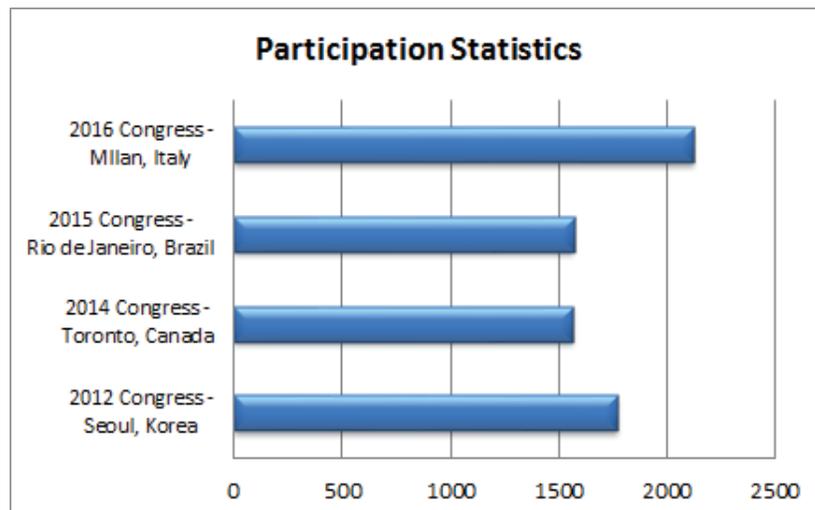

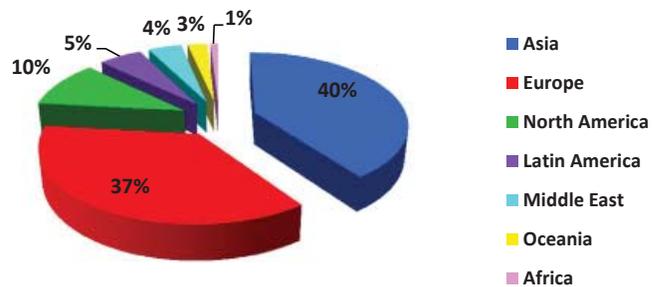

**Registration by geographic area
2015 Congress - Rio de Janeiro, Brazil**

**Registration by geographic area
2014 Congress - Toronto, Canada**

**Registration by geographic area
2012 Congress - Seoul, Korea**

Congress Venue

The AIPPI World Congress will be held in the new International Convention Centre (ICC) Sydney. As one of the world's newest Convention venues, ICC Sydney will provide Congress participants with state of the art facilities and comforts, for what will undoubtedly be a spectacular Congress.

Sydney and Australia are safe, affordable and welcoming, with a diverse and easy-going multicultural population that will make all AIPPI attendees feel at home.

Major Sponsorship

Opal Sponsor

A\$150,000

Opal is one of the world's most beautiful and precious gemstones, predominantly found in Australia. It is one of only six types of precious gemstones found on planet earth, sharing prestigious company with diamonds, rubies, sapphires, emeralds, and pearls. Over 95% of the world's precious opal comes from Australia. Opal is Australia's national gemstone and a fitting name for our highest level Congress Partner.

Standard Sponsorship Acknowledgement Entitlements

All AIPPI 2017 sponsors, regardless of level, will receive the following standard entitlements in addition to those outlined in the individual packages:

- ✓ Recognition as a sponsor (with organisation logo) on the sponsors' page of the Congress programme and Congress website.
- ✓ Acknowledgement as a sponsor on the official sponsor signage situated onsite at the Congress*.
- ✓ Use of the Congress logo until the end of October 2017.

Sponsor and Exhibitor Guidelines

- * Exposure in the Congress publications is determined by confirmation of sponsorship prior to print deadlines. To maximise exposure, please confirm your participation by the earliest date possible.
- ** Bag inserts are subject to approval by AIPPI.
